 _____ Yes, I'm bringing a guest. 1 day _____ or _____ 2 days _____ No, I'm not bringing a guest.

My special meal requirements are: _____

IMPORTANT NOTE: Any hours earned at Miami Nice will apply to the biennium which starts 3/1/11 and ends 2/18/13. Current Florida CE requirements for each biennium are: 6 hours Florida TQ, 2 hours medical errors, 2 hours Florida jurisprudence, 20 additional hours in general topics (only two of which may be practice management), for a total of 30 hours. You can only get credit for Florida jurisprudence or medical errors once in each biennium. (That means, if you take either one twice, you do not get any credit for the second course.) One hour of HIV/AIDS is no longer required, except for new graduates or new licensees who have not yet taken an HIV/AIDS course. However, any doctor can take HIV/AIDS and count that as one hour of general CE, and you can take HIV/AIDS more than once, provided it is a different lecture (generally, a different speaker).

Due to requirements in other states for approving continuing education, the Miami Dade Optometric Physicians Association will not be responsible for obtaining approval for these courses in advance. However, 10 hours will be COPE approved and perhaps more. It is the responsibility of doctors licensed in other states to determine if these courses meet the requirements of their state. Of course, all courses will be approved in Florida.

WESTIN COLONNADE HOTEL

180 Aragon Avenue, Coral Gables, Florida 33134

To reserve a room call Shirley MCGovern at 305-569-6549 and mention Miami Nice

Directions: From I-95 take 836 W. Take 836 W to LeJeune Road south. Take LeJeune Road south to Aragon Avenue and turn left. The hotel is approximately 3 blocks ahead on the right.

Saturday, April 14, 2012

- 7 - 8 am REGISTRATION and Continental Breakfast
- 8 - 10 am (TQ) Essentials in Systemic Disease Events
Carlo Pelino, O.D., F.A.A.O. COPE # 28984-GO
This course will cover a series of systemic conditions and their effects upon the visual system.
- 10 am - 12 N (TQ) Ouch ! That's gotta hurt-Understarting Ocular Trauma
Carlo Pelino, O.D., F.A.A.O. COPE # 25918-PS
There are approximately 2.5 million ocular and orbital injuries in the US per year. This course covers the four main mechanisms that cause ocular trauma and specific ocular trauma to the adnexa, anterior segment, posterior segment, optic nerve and orbit. Treatment for trauma and pain control mechanisms including the use of oral and topical medications will be discussed.
- 12 N - 1 pm LUNCHEON -Rotunda (included with registration) FOA presentation Dr Kenny Boyle and Dr. Ken Lawson
- 1-2 pm Exhibits and desserts (Gables Salon)
- 2 - 4 pm Fitting and Prescribing Semi-Scleral (Jupiter) Contact Lenses
Edward Boshnick, O.D., F.A.A.O(sponsor Essilor /ABBA) COPE pending
This course will address alternative treatments for irregular corneas, high astigmatism, failed corneal surgeries that need a modality to aid or improve corneal integrity and enhance visual acuity by using a semi-scleral RGP lens modality.
- 4 - 6 pm Florida Jurisprudence
Terry Naberhaus, O.D.
This course meets the requirements for 2 hours of Florida Jurisprudence.

SPECIAL THANKS TO OUR MIAMI NICE SPONSORS

Sunday, April 15, 2012

- 7 - 8 am REGISTRATION and Continental Breakfast
- 8 - 10 am (TQ) Advances in the Management of AMD
Mark Dunbar, O.D., F.A.A.O. COPE # 26043-PS
AMD remains one of the most common causes of vision loss in the geriatric population. There have been some exciting new discoveries in AMD including recent advances in genetics, as well as a further understanding of the role of inflammation and the Compliment Cascade plays in this disease. This course will discuss genetic testing, the anti-VEGF drugs as well as new treatments in the pipeline focusing in complement inhibition.
- 10 am - 12 N (TQ) Asthenopia, Diplopia, Presbyopia and Blurropia
Alan Levitt O.D. (sponsor Essilor) COPE # 12924-AS
Meeting the patient's visual needs requires more than just an accurate refraction, clear media, and healthy eyes. Vision works best when images remain single, easy to fuse, and remain efficiently and clearly focused throughout daily tasks.
- 12 N - 1 pm LUNCH (Rotunda)
- 1 - 3 pm (TQ) Nutrition & Disease: Causes & Tale from the Trenches:Anterior Segment (sponsor Med-Op)
Mark Dunbar, O.D., F.A.A.O. COPE # 30117-AS
The cornea is more than a just a dust cover for the retina as you will find out in this interesting anthology of interesting anterior segment eye conditions. Case presentations and clinical pearls are provided in the diagnosis and treatment of anterior segment conditions that cover the gamut of common to the rare.
- 3 - 5 pm Medical Errors
Albert Woods, O.D.
This course satisfies the requirements of Florida Statute 456.013(7) relating to the prevention of medical errors as part of the licensure and renewal process. The course reviews root cause analysis, error reduction, error prevention, and patient safety.
- 5 - 6 pm HIV and AIDS
Albert Woods, O.D.
This course presents the changing epidemiology of HIV/AIDS the ocular findings and related disorders.

Please Note: Order of speakers and lecture titles are subject to change
